

Generous fundraisers help West Norfolk Mind

Charity receives new van

Furniture collection and delivery has just become easier for West Norfolk Mind thanks to the generosity of fundraisers.

The charity, which has a furniture store in Austin Street, has been able to buy the Luton box van after raising £16,000.

Alex Ware helped to raise £1,000 for the charity at the Bag It! Afternoon tea at Thornham Village Hall.

Mrs Ware and her husband Nick have also directed £1,000 of their marketing budget for their new firm "spaciallyaware", which helps people with downsizing or de-cluttering, to sponsor the signwriting on the van.

She said: "Our ethos, that as little as possible is thrown away, reflects that of West Norfolk Mind's Furniture Store and I look forward to continuing to support them in their work within the local community."

Volunteer co-ordinator Zena Penty has thanked Mr and Mrs Ware along with Jem Whiley, Mark Pheasant and Archie and Sienna Carey for their support to the charity.
